

A Nuclear Prayer

The Beginning and the End are in your hands, O Creator of the Universe.
And in our hands, you have placed the fate of this planet.

We, who are tested by having both creative and destructive power
in our free will, turn to you in sober fear and in intoxicating hope.

We ask for your guidance and to share in your imagination in our
deliberations about the use of nuclear force.

Help us to lift the fog of atomic darkness that hovers so pervasively
over our Earth, Your Earth, so that soon all eyes may see life
magnified by your pure light.

Bless all of us who wait today for your Presence and who
dedicate ourselves to achieve your intended peace and
rightful equilibrium on Earth.

In the Name of all that is holy and all that is hoped.

Amen.
